## Student Dress Code

This document outlines the expectations and guidelines for the school uniform and dress code for students. The following expectations and guidelines have been informed by the Department of Education Student dress code procedure. This document has been developed in consultation with staff, students and parents. The student dress code aims to incorporate health and safety, inclusivity, affordability and equal access.

Hair colour and style are an integral part of how a student presents and represents our school. Hair colouring and styles must be appropriate for school by not detracting from the everyday running of the school.

### Consequences for Non-compliance

A variety of steps may be taken when the student dress code is not followed. The school will consult with parents and students to identify the reason/s for non-compliance of the dress code, and work with parents and students to rectify the concerns.

Short or long term modifications and exemptions from the dress code may be granted on a case-by-case basis.

In extended, severe cases of non-compliance, sanctions may be imposed where students are prevented from attending or participating in any events where the student is representing the school.

### Complaints

If students or parents are dissatisfied with how the school has resolved an issue with compliance, please refer to the Eromanga State School Complaints Management Procedure.
